

Do you need a handyman or cleaning service?

A helping hand for both small and large projects

Would you like to change the colour in your apartment? Do you need help installing shelves, pictures, TV mounts or other media equipment? Do your windows need cleaning?

We have an extensive network of skilled tradespeople, including painters and carpenters, and we are happy to help you with your project.

In addition to handyman services, we can also assist with cleaning services such as **regular home cleaning, deep cleaning, window cleaning** and **move-out cleaning**. All cleaning services are carried out by experienced partners with whom we have an established working relationship. If you book a move-out cleaning through one of our partners, you are guaranteed to pass the cleaning inspection when moving out.

Please note that any alterations to the apartment that negatively affect its condition or value must be paid for by the tenant. It is therefore a good idea to consult the landlord before carrying out any work in the apartment, regardless of whether you do it yourself or arrange for the work to be carried out through us.

To enquire about handyman or cleaning services, please submit a case through our case management system. More information is available on our website.
